SPONSORSHIP PROSPECTUS

(SPONSORDIVISIONAPOLLO@GMAIL.COM)

(APOLLOHACKS.TEAM)

MISSION

Apollo Hacks is an upcoming hackathon completely organized by high school students. We hope to create a fun and educational environment where people can express themselves through coding regardless of experience. We hope to see many innovative projects as well.

Sponsors will have the opportunity to make a positive educational impact and advertise to hundreds of new potential customers.

LOGISTICS

Apollo Hacks will take place from May 2nd-3rd, 2020 at Make School, San Francisco (Address Above) . We will be hosting around 150-200 participants who range from beginners to experts.

Where will your money go?

Your money funds our venue, food, swag, emergency funds, and anything else needed to run the hackathon.

How can you help?

To help us out you can:

- Donate money directly to us. This will allow for us to ensure that all needs are fully catered for.
 - Sponsor a meal. We will serve 3 total meals over the course of the hackathon, and to sponsor a meal would lighten the load on us and the rest of our sponsors.
 - Send evangelists or engineers to mentor and inspire students.
 - Provide tools for student-use at the event (i.e., hosting, hard-ware).
 - If you have any other ideas, questions, or concerns, you can contact us at sponsordivisionapollo@gmail.com
-
